TECOM CONF
BEIJING 2019

TECOM是中国第一个专门为科技创业者社群举办的大会。
我以实习生的身份加入这个组织参与创建活动，并负责其中GUIDEBOOK的设计。这部手册收集了各个参会伙伴公司的品牌信息，除了展会组织者相关介绍之外，还包括创业孵化公司、媒体等五个版块。

TECOM is China's first Tech and Entrepreneur Communities conference.
I joined this community and helped build this activity as an intern by developing the guidebook design. This manual collects brand information of each participating partner company. In addition to the relevant introduction of the exhibition organizer, it also includes other five sections such as tech & entrepreneur companies and media.

A bit dead serious?
